Vehicle Loan Manager — Simple Picture Guide

HOW TO USE THE APP

1

Login

Type your Username and Password. Tap the **Login** button.

2

Add New Loan

Tap **New Loan**. Fill customer, loan and vehicle details. Tap **Submit**.

3

Approval

Admin checks the loan and taps **Approve**. This creates the EMI schedule automatically.

4

Pay EMI

Open **Loans** → **EMI**. Type the Bill Number and Amount. Tap **Pay**.

5

Check Alerts

Open **Alerts** daily to see who is overdue or due soon.
Send SMS reminders from here.

6

Customers

See every customer's loan, vehicle and payment status
in one list.

7

Follow Up

If a customer needs more time, tap **Follow Up** and
pick a new date to collect.

8

Reports

Open **Report** to download loan details as PDF or
Excel anytime.

★ Good To Know

A **Bill Number is compulsory** for every payment, even part-payments.

Vehicle details are needed only when **Reloan = Yes**.

You can change the **Paid On** date if you are recording a late entry.

Always tap **Logout** when you finish using a shared computer.

Need help? Contact your **Admin / Super Admin**.
